

QUALITY OF CERAMICS

Due to the inherent properties of ceramic ware produced by foreign manufacturers, there may be small imperfections or irregularities which should not be perceived as defective. Variations in materials firing temperatures and colour pigment may result in variations in glaze and imprint colours. These variations are considered acceptable.

Please note there will be a white space between the top of the artwork and the lip of the mug. Bleeding artwork off the top is not possible.

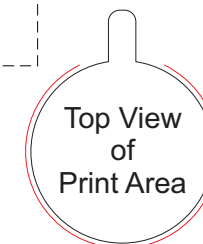

Blue Line = The SIGNIFICANT PRINT AREA

(Keep all critical images & text within this box)

Black Line = Maximum print area

Red Line = Exact opposites of the product

(centre artwork to the red line)

A diagram of a rectangular card template. The card is divided into three vertical sections by two vertical red lines. The leftmost section is narrow. The middle section is labeled "SIDE 1" at the bottom. The rightmost section is labeled "BACK" at the bottom. A pink horizontal line runs along the bottom edge of the card. Below the pink line, the text "SIDE 2" is written in red, indicating the back of the card. The card has dashed blue lines for its outer border and for the internal divisions between the sections.
